Pulse Timer Control	Supra-Clean	Pulse Control Panel

UNITED AIR SPECIALISTS, INC. LIMITED WARRANTY

UAS warrants to the original purchaser that all equipment will be free from defects in materials and workmanship for one year from the date of shipment from UAS (three years for Smokeeter® and VisionAir™ models other than CC and DC series) and that major structural components on SFC and MCB series will be free from defects in materials and workmanship for ten years from the date of shipment from UAS. This warranty applies only if equipment is properly installed, maintained, and operated under normal conditions and does not apply to damage caused by corrosion, abrasion, abnormal use or misuse, misapplication, or normal wear and tear. This warranty will be void with respect to equipment that is subject to unauthorized repairs or modifications. UAS makes no warranty as to goods manufactured or supplied by others. This warranty is subject to any limitations in UAS' quotation and may not be modified except by a written instrument signed by the President or Vice President of Sales of UAS.

THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT.

As Purchaser's exclusive remedy for any defects in the equipment, UAS will exchange or repair any defective parts during the warranty period, provided such parts are returned, prepaid, to UAS' factory. The obligation of UAS is limited to furnishing replacement parts F.O.B. UAS' factory or making repairs at UAS' factory of any parts that are determined, upon inspection by UAS, to be defective. In no event will UAS be responsible for labor or transportation charges for the removal, reshipment or reinstallation of the parts.

IN NO EVENT WILL UAS BE RESPONSIBLE FOR ANY SPECIAL OR CONSEQUENTIAL DAMAGES.

STANDARD TERMS AND CONDITIONS

- 1. General.** The terms and conditions stated herein are applicable to all orders accepted by United Air Specialists, Inc. (UAS) or any subsidiary of UAS.
- 2. Prices.** Prices are quoted in U.S. dollars and are firm and may be accepted only within 30 days from the date of quotation by UAS. Quotations do not include taxes unless otherwise noted. Orders accepted prior to any price increase will be invoiced as quoted provided UAS is allowed to ship under its normal delivery schedule. UAS may adjust prices on any order changed by the Purchaser after acceptance of the order by UAS.
- 3. Cancellations.** Orders canceled by the Purchaser are subject to a cancellation charge that may include engineering services, work in progress, special purchased parts charges, and other similar charges, and will be based on the percentage of work completed at the time of cancellation.
- 4. Shipping Schedules.** UAS will not be liable for any loss or damage from delays in shipping beyond UAS' reasonable control. Shipments delayed at Purchaser's request will be invoiced and dated on the day shipment is ready; UAS will add a service charge of 1-1/2% per month (but not more than legally permitted). UAS reserves the right to make partial shipments and to invoice pro-rata upon such shipments.
- 5. Electrical Equipment and Installation.** Electrical equipment includes only those electrical components referred to in the quotation. Changes to electrical equipment to comply with any laws or regulations are the Purchaser's responsibility unless UAS specifically agrees in writing to meet such laws or regulations. Start-up service is available from UAS at per diem rates plus lodging and travel expenses, but installation or start-up is not included unless specifically quoted.
- 6. Acceptance and Testing of Equipment.** Unless otherwise provided in UAS' quotation, Purchaser will upon delivery inspect and test the equipment and notify UAS within 30 days of shipment of any non-conformity discovered. Failure to give such notice constitutes an irrevocable acceptance of the equipment, and Purchaser will be bound to pay for the equipment. Upon notification of a nonconformity as above provided, UAS at its option will either repair the equipment and correct its performance or will accept the prepaid return of the equipment and refund all payments made to UAS for the equipment, excluding payments for freight, rush charges or start up services. No materials will be accepted for return without prior written consent and instruction from UAS. SUCH REPAIR, CORRECTION OR RETURN CONSTITUTES PURCHASER'S EXCLUSIVE REMEDY PRIOR TO ACCEPTANCE FOR ANY SUCH NONCONFORMITY.
- 7. Damage from Fire or Explosion.** To minimize the risk of fire or explosion, proper installation, operation and maintenance of UAS equipment is critical. Since installation, operation and maintenance are beyond the control of UAS, UAS disclaims any liability or responsibility for damage from fires or explosions regardless of origin. UAS recommends that all air pollution control and dust collection equipment and installation conform to all applicable codes, laws and regulations including the addition of appropriate fire protection systems or explosion venting when and where required. Installation of UAS equipment should be by a licensed contractor that is experienced in potential fire and explosion hazards as well as all related codes, laws and regulations.
- 8. Risk of Loss.** Quotations are F.O.B. place of shipment unless otherwise noted. The risk of loss of the equipment shipped will pass to Purchaser upon UAS' delivery of the equipment to a carrier. Claims for damage in shipment must be filed by the Purchaser with the carrier.
- 9. Warranty.** UAS warrants to the original purchaser that all equipment will be free from defects in materials and workmanship for one year from the date of shipment from UAS (three years for Smokeeater[®] and VisionAir[™] models other than CC and DC series) and that major structural components on SFC and MCB series will be free from defects in materials and workmanship for ten years from the date of shipment from UAS. This warranty applies only if equipment is properly installed, maintained, and operated under normal conditions and does not apply to damage caused by corrosion, abrasion, abnormal use or misuse, misapplication, or normal wear and tear. This warranty will be void with respect to equipment that is subject to unauthorized repairs or modifications. UAS makes no warranty as to goods manufactured or supplied by others. This warranty is subject to any limitations

STANDARD TERMS AND CONDITIONS (cont'd)

in UAS' quotation and may not be modified except by a written instrument signed by the President or Vice President of Sales of UAS.

THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, ORAL OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NONINFRINGEMENT.

As Purchaser's exclusive remedy for any defects in the equipment, UAS will exchange or repair any defective parts during the warranty period, provided such parts are returned, prepaid, to UAS' factory. The obligation of UAS is limited to furnishing replacement parts F.O.B. UAS' factory or making repairs at UAS' factory of any parts that are determined, upon inspection by UAS, to be defective. In no event will UAS be responsible for labor or transportation charges for the removal, reshipment or reinstallation of the parts.

- 10. Limitation of Liability.** IN NO EVENT WILL UAS OR ITS SUBCONTRACTORS (OR THEIR SHAREHOLDERS, DIRECTORS, OFFICERS, AGENTS, AFFILIATED COMPANIES, SUCCESSORS AND ASSIGNS) BE LIABLE FOR (A) ANY INCIDENTAL, INDIRECT, OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION LOST PROFITS OR INJURY TO PERSON OR PROPERTY, OR (B) IN THE CUMULATIVE AGGREGATE, ANY DAMAGES IN EXCESS OF THE COMPENSATION ACTUALLY RECEIVED BY UAS FOR THE EQUIPMENT OR SERVICES IN QUESTION.
- 11. Security Interest.** Purchaser grants UAS a security interest in the equipment to secure payment of the balance due hereunder.
- 12. Attorneys' Fees.** Purchaser will be liable to UAS for all reasonable expenses and attorneys' fees incurred by UAS in enforcing its rights and remedies under any agreement between Purchaser and UAS.
- 13. Ordinances.** Any and all required licenses, certificates and operating permits will be the sole responsibility of Purchaser.
- 14. Miscellaneous.** THESE TERMS AND CONDITIONS AND THOSE IN UAS' QUOTATION CONSTITUTE THE ENTIRE AGREEMENT BETWEEN UAS AND PURCHASER AND MAY NOT BE MODIFIED, WAIVED OR DISCHARGED EXCEPT BY A WRITTEN INSTRUMENT SIGNED BY THE PARTY TO BE BOUND. Such terms and conditions are applicable to all orders accepted by UAS unless otherwise specifically agreed to in writing by the President or Vice President of Sales of UAS. Purchaser will be deemed to have assented to all such terms and conditions if any part of the equipment is accepted. Any additional or different terms and conditions contained in Purchaser's order or response hereto will be deemed objected to by UAS and of no effect. If any provision of these terms and conditions is determined to be illegal or unenforceable, the remaining provisions will nevertheless be binding and enforceable. Any waiver by UAS of any provision of these terms and conditions must be in writing and signed by UAS and will not constitute a waiver of any subsequent application of such provision or a waiver of any other provision. These terms and conditions will be governed and construed in accordance with the laws of the State of Ohio, excluding conflicts of laws principles. Both parties consent to, and submit to the personal jurisdiction of, the Court of Common Pleas of Hamilton County, Ohio and the United States District Court sitting in Cincinnati, Ohio for the purpose of any judicial proceedings that may be instituted for the enforcement of these terms. Both parties agree that venue is proper in such jurisdictions.

NORTH AMERICA FIELD SERVICE RATES—AIR FILTRATION PRODUCTS

Service for eight (8) hour day (Monday through Friday, standard business hours)	\$150.00	Per Hour
Overtime Service (Monday through Friday)	\$225.00	Per Hour
Service performed on Saturday, Sunday or Holidays	\$300.00	Per Hour
Minimum Field Service Billing (North America) (Within 150 miles of Cincinnati)	8 Hours 4 Hours	Standard Cincinnati Area
Daily layover charge Monday through Friday (plus expenses)	\$600.00	Per Day
Meals, Lodging and Transportation (Air Transportation originates from the Greater Cincinnati Airport) (Driving Transportation originates from the UAS Cincinnati Office) (When available business traveler hotels will be utilized, e.g. Hampton Inn, Holiday Inn or equal)		Billed At Actual Cost

The above rates apply to field service for new installation of equipment and service to existing equipment. A hard copy of a purchase order and credit approval must be completed before a technician leaves the factory.

UAS Warranty is FOB: UAS Cincinnati Factory. All requests for field service during the equipment warranty period must be accompanied by a valid purchase order to cover costs for meals, lodging and transportation. All labor will be determined by field service technician at job site to be billable or warranty.

United Air Specialists standard Terms and Conditions apply to all orders.

To schedule Field Service please contact:

United Air Specialists
1-800-231-4200

Ken Simone, ext. 8795
kensim@uasinc.com

Joe Topmiller, ext. 8714
joetop@uasinc.com

Advance notice of at least two (2) weeks is recommended to minimize scheduling conflicts.

NOTES:

1. Base unit includes; 2" Mist-stop prefilter, variable-speed control switch, metal mesh afterfilter, 21-1216 power pack, and 115-1-60 input motor/fan. Unit painted UAS Grey.
2. Model MSH-H (Horizontal) unit includes 1-1/2" drain fitting and 3" high leg set.
3. Model MSH-V (vertical) unit includes outboard flange for mounting to machine tool.
4. Machine Mount Kit includes 5' of flex hose, hose clamps & unit collar/plate & machine collar/plate
5. Unit rated for 115/1/60 input. FLA: 1.4 amps.
6. Unit rated for 500 CFM nominal, with variable speed control switch to adjust air volume.
7. All replacement parts at 20% commission rate.

All options shipped loose except the Power pack upgrade

Bold pricing indicates quick ship items

(*) For use with MSH-H Only () Power cord kit and 3-phase transformer kit can NOT be used together**

Prices may change without notice

NOTES:

- A. Shown are the normal airflow ranges for the SMOG-HOG units. Consult the factory for airflows outside of listed ranges.
- B. PSH Electrostatic Precipitators are complete with ionizers, collection cells, aluminum mesh prefilters and prewired to unit junction box. Cabinets are aluminized steel, passes are bolted and gasketed, and all exterior surfaces are coated with a grey polyurethane paint. All are ETL listed.
- C. AQUA-SURGER Wash Systems are complete with face and overhead wash headers, solenoid valves and a fully automatic wash control panel with 24-hr., 7-day a week timer.
- D. AQUA-SURGER accessories include a detergent injector tee assembly, detergent pump assembly and a pilot quantity of detergent.
 - Units PSH-1 through PSH-24-1 use a 55-gallon detergent pump assembly.
 - Units PSH-24-2 through PSH-74-3 use a 110-gallon detergent pump assembly.
- E. Inlet plenum is aluminized steel and is complete with baffle type prefilters. Grey polyurethane paint is standard. Inlet plenums must be included with every system unless approved by factory.
- F. System is mechanically and electrically pre-assembled on a structural steel skid. PSH-54 through PSH-74 cannot ship fully assembled.
- G. Exhaust Blower is single width, single inlet, backward curved centrifugal fan. Exhaust Blower is complete with Vibration Isolators. Flexible Sleeve for connection to the SMOG-HOG, electrically and mechanically mounted on system skid. Systems with static pressures above 8" wg TSP consult factory for blower pricing.
- H. Blower Panel is complete with combination starter (starter, step down transformer and fusible disconnect) with interconnection to the electrostatic precipitator.

45-0008	HOG WASH powder detergent (Cell Soak 521), 100 LBS	\$217.00

SHN MECHANICAL ACCESSORIES (P)

PART NO.	DESCRIPTION	PRICE
03-10390-0001	Drain Loop Trap Assembly (SHN Series)	\$86.00
02-2905	Drain Bottle Assembly (SHN/SG Series)	\$113.00
02-10561-G	Light, Indicator (Green)	\$38.00
03-0608	Drain Loop Trap-SG	\$71.00
02-0031-SP	1/2" Drain Loop Trap-SH (old)	\$68.00
	Custom Paint – All Models	\$461.00/Lot
	SHN-6 Machine Mount Kit (Includes 5' flex hose, hose clamps, 4" high mounting feet, collar for mounting to enclosure)	\$309.00
	SHN-10 Machine Mount Kit (Includes 5' flex hose, hose clamps, 4" high mounting feet, collar for mounting to enclosure)	\$392.00

NOTES:

1. For unducted units with cleaning, specify prefilter rack part number below with order. No charge if ordered with unit.
 - 01-0912 Prefilter Rack SG-4S \$236.00
 - 01-0911 Prefilter Rack SG-2 \$146.00
 - 01-0911 Prefilter Rack SG-4T (2 required) \$286.00
2. Units supplied with In-Place Cleaning System include the following:
 - Motor Contactor (Blower Units ONLY)
 - Stepdown Transformer (Blower Units ONLY)
 - Start/Stop Push Button (Part No. 20-3032)
3. Connection kit includes electrical cable supply and flexible drain and supply tubing.
4. In-Place Cleaning units available with U.S. agency labeling when required. No charge, but must be specified on order.
5. (P) See Rep Commission Policy.

ESP SERIES

REFERENCE NOTES

1. **Base Unit** – Includes ionizer(s) and cell(s) or unicell(s), motor/blower assembly, 21-1216 power pack(s) in NEMA 12 enclosure, aluminum mesh pre/after filter(s), and indicator light(s). Unit wired for 230-430/3/60 input voltage with step-down transformer for power pack circuit. Grey powder coat paint finish standard. Unit shipped fully assembled.
2. **Air Volume** – Nominal rated air volume for collector under normal operating conditions.
3. **Horsepower** – See published unit fan curves for selection of proper unit horsepower.
4. **Voltage** – Standard input voltage rating for base unit. See published full load current chart for power requirements.
5. **Multi-Pass Adder** – Price adder for additional passes of ESP filtration.
6. **Blowerless Unit** – Deduct for motor/blower and blower cabinet section.
7. **HEPA Filter Cabinet Adder** – Price adder for final HEPA filter pass. Price includes cabinet and pre-filter(s), and HEPA filter(s).
8. **Activated Filter Cabinet Adder** – Price adder for final activated carbon filter pass. Price includes cabinet and pre-filter(s), and activated carbon filter(s).
9. **2" Mist Stop Filter Adder** – Adds 2" mist stop filter in-place of standard 1" aluminum mesh pre-filter.
10. **2" Aluminum Mesh Filter Adder** – Adds heavy-duty 2" aluminum mesh filter in-place of standard 1" pre-filter.
11. **Mist Stop Filter Plenum Option** – Price adder for 16 GA inlet plenum with mist-stop filter(s). Gasketed side-access door standard for filter removal.
12. **Grease Stop (Interlocking Channel) Filter Plenum Option** – Price adder for 16 GA inlet plenum with grease stop filter(s). Gasketed side-access door standard for filter removal.
13. **Diffuser Plate Plenum Option** – Price adder for 16 GA inlet plenum with diffuser plate filter(s).
14. **Outlet Plenum Option** – Price adder for 16 GA outlet plenum.
15. **Side or top discharge Plenum Option** – Price adder for 16 GA side or top outlet plenum. Specify on order write-up the direction of air discharge.
16. Adder for input voltage of 575/3/60.
17. Adder for input voltage of 115 or 230/1/60. Must specify either 115 or 230 on order write-up.
18. Standard application power supplies.
19. Adder for substituting 21-1234 in place of standard power supplies. UAS application approval required for this option. Primary usage on water-soluble coolants.
20. Option for the use of 21-1234 and 21-1220 (Positive and negative) power supplies. Primary usage is on welding applications.
21. Adder for unit to be UL/ETL approved construction.
22. Adder for unit to be European CE construction. Consult UAS for pricing.
23. Adder for unit(s) to be painted in custom color. Requires color sample to be submitted or RALs paint number. Allow 1 to 2 weeks for additional lead-times.

02-3157	30-Gal. Detergent Pump Assembly	Tank, Pump Stand	EA	ALL, Obsolete	\$2,035.00
02-7028	55-Gal. Detergent Pump	Tank, Pump Stand	EA	ALL	\$2,616.00
02-10562-0001	110-Gal. Detergent Pump Assembly	2 Tanks, Pump Stand	EA	ALL	\$4,266.00
03-1044	Rebuilt Kit for 20-0301		EA	SG, PSG, PSH	\$63.00
03-1045	Rebuilt Kit for 20-0302		EA	SG, PSG, PSH	\$63.00
07-0007	Pressure Gauge	For Injector Tee Assembly Only 02-3158-1	EA	SG, PSG, PSH	\$63.00
07-0026	Pressure Gauge	To Detergent Pump	EA	SG, PSG, PSH	\$63.00
07-0080	Detergent Pump	Diaphragm Pump for Wash System	EA	SG, PSG, PSH	\$435.00
20-0301	Solenoid Valve (3/4")	For Unit Solenoid Valve	EA	SG, PSG, PSH	\$153.00
20-1410	OMRON Time Clock	24H, 7D	EA	Old	\$538.00
20-10062-0001	Grasslin Time Clock	24H, 7D	EA	New	\$538.00
20-0302	Solenoid Valve (1")	For Injector Tee Assembly	EA	SG, PSG, PSH	\$255.00
35-0107	PVC Carriage Rollers	Requires 2 Per Assembly	EA	SG, PSG, PSH	\$12.00
38-0026	Face header Nozzle	AQUA-SURGER Nozzles Located in Front of Components	EA	SG, PSG, PSH	\$19.00
38-0197	Strainer w/40 Mesh	Inlet Filter to Pump	EA	SG, PSG, PSH	\$70.00
38-0255	Valve	Injector Tee Check Valve	EA	ALL	\$56.00
38-0420	Overhead Nozzle	AQUA-SURGER Nozzles Located for Cleaning Components	EA	SG, PSG, PSH	\$15.00
38-0659	Overhead Nozzle	AQUA-SURGER for Cleaning Door Feed-Thru Insulators	EA	SG, PSG, PSH	\$11.00
45-10018-0001	SC-5 Detergent	Restaurant Detergent	GAL	PSG	\$17.00
P190841EB	High Pressure Detergent Pump	For Detergent Pump Assembly	EA	All	\$490.00
02-3158-1	Injector Tee Assembly	Complete Assembly	EA	All	\$1,055.00
20-10060-PLC14DC	AB Micrologix PLC		EA	All	\$749.00
20-10060-MM1	Memory Module	AB Micrologix PLC	EA	All	\$158.00
20-10060-OW8	Expansion Module	AB Micrologix PLC	EA	All	\$312.00
